

Respiratory Therapy

RT @ OSU Curriculum

- RT @ OSU is a traditional baccalaureate undergraduate major, with 2 years of general studies emphasizing science followed by 2 years of RT courses including lots of clinical experience and the opportunity to develop specialized and leadership skills. A bachelor's degree in RT requires 199 quarter credit hours. Print [RT @ OSU Curricular Academic Program](#) (CAP) sheet for details.
- The Respiratory Therapy major curriculum is full time, highly structured with academic and clinical courses scheduled in sequence and offered once each year. Each quarter is prerequisite to the next quarter. This course scheduling plan below is for 2009-2010. See [Course Descriptions](#)
- Below is a suggested scheduling plan which demonstrates how students may complete the Respiratory Therapy program in 13 quarters including the [RT Academic Prerequisites](#) and [OSU General Education Curriculum](#). The quarter and year in which some pre-professional courses are placed can be adjusted to meet the individual needs of students. It is assumed that students following this plan will begin Professional coursework in Autumn quarter Year 3.

Year 1	Year 2	Year 3	Year 4
Autumn Allied Med 100 (1) Math 148 or higher (4-5)* Psych 100 (5)* GEC (5) Total (15-16)	Autumn Physics 112 (5)# GEC (5) Statistics 145 (5)# Total (15)	Autumn Resp Ther 320 (4) Resp Ther 400 (6) Resp Ther 410 (4) Resp Ther 430 (3) Resp Ther 595 (1) Total (18)	Autumn Resp Ther 489.50 (2) Resp Ther 593 (1) Resp Ther 595 (1) Resp Ther 600 (3) Allied Med 505 (3) GEC (5) Total (15)
