FIELD DAY & FOOD

August 30, 2023
5PM – 8PM

12892 Western Road,
Apple Creek

No cost, but RSVP
Requested for
Proper Meal Count

Exploring Crop and Livestock Integration: Barriers & Benefits

- Hear from a panel of area farmers about their experiences and strategies on farm diversification through combining livestock and crop production.
- Participate in discussion about the barriers, benefits, and drawbacks of incorporating manure and perennial crops with agronomic row crops.
- See early study results, including a comparison of soil health across different farm types and management choices.
- Enjoy a delicious catered meal!
